- 4. Congratulations to Lawrence Pilcher on his return to his home State of Kentucky. Lawrence has been hired by the Kentucky State Police Crime Lab at Frankfort as a Firearms Examiner. It was with deep regret to see him leave the Rhode Island State Crime Lab, he is an excellent examiner and will be a great asset to the State of Kentucky. For those examiners from New England who would like to keep in touch with Lawrence he can be reached at the following: Email – [lawrence.pilcher@ky.gov](mailto:lawrence.pilcher@ky.gov), Phone: 505-564-5230 Ext. 223 (What an ironic extension number he must of requested it).**
- 5. Congratulations to Megan E. Murasso who has been hired to replace Lawrence at the Rhode Island State Crime Lab. Megan received her Masters Degree in Forensic Science from the University of New Haven in May. Megan is starting her training and will be utilizing the recent F/A Training Program put together by “NFSTC”.**
