The course will be held in a shooting range of the Feuerschützengesellschaft Landsberg, located in Sandau. It is located approximately 2 km outside of Landsberg.

Landsberg is located approximately 60 km (40 miles) to west of Munich and within sight of the alps highest mountain the Zugspitze.

Transport for the class from the Landsberg city center (Hauptplatz) to the range will be provided. If you do not have a car available, we do suggest to stay within walking distance to the city center, were the pickup will be.

More details about Landsberg are available on the city's website [http://www.landsberg.de/web.nsf/id/pa\\_tourismus\\_eng.html](http://www.landsberg.de/web.nsf/id/pa_tourismus_eng.html).

## Travel

### By plane

The nearest airport is Munich (MUC). Rental cars are available at the airport. To get to Landsberg with public transport the S-Bahn and the train system can be used. From the airport the S-Bahn takes you to the Pasing train station in 40 minutes. Change there for the train to Kaufering which is another 35 – 40 minute ride. In Kaufering a local train takes you to Landsberg in less than 10 Minutes. Do not worry, the German train system is quite reliable.

### By train

### By car

Trust your GPS system and set it for Germany, Landsberg Lech (ZIP code 86916) and the address of your accommodation. Be aware that there are two Landsberg's in Germany. Only one is in Bavaria.

## Accommodation

We suggest to stay in the historic part of Landsberg which also constitutes the city center (see highlighted area in the picture). Hotels, restaurants and a pedestrian area with shopping opportunities is within walking distance. Also airBnB can be used to stay in Landsberg.

We called the following hotels and guesthouses today (Feb. 2<sup>nd</sup>, 2018) and they stated to have availabilities during the course dates. We do suggest to book the accommodation as soon as possible. There are a few large companies located in the Landsberg area which host events and may fill hotels quickly.

For lunch we typically order snacks from a butcher or a bakery and have it picked up by my wife and delivered to the range. The restaurant on the range is not open during the day.
